

Module 5

Releasing your Majesty – Part 2

Review of Module 4

What did you discover about the fear that has been an undercurrent in your life?

How did it feel to release these fears?

What are you doing to step forward in your life in a more fearless way?

DOUBT is at a higher vibrational place than fear is. It's right in the middle and keeps you from breaking through to the highest of vibrations: Love, Appreciation, Passion, Joy.

Doubt masquerades however in other feelings which are all rooted in doubt.
Feeling Stuck - Confusion - Unworthiness - Hesitation -

Feeling Stuck – Immobility cause by being unsure that you are taking the right step, doubting yourself

Confusion - Not knowing which way to turn rooted in doubting yourself

Hesitation – Not moving forward rooted in doubting your ability

Journal about these to see if any exist in the “undercurrent” of your life.

Did you discover any of these lingering in the “undercurrent” of your life? If so, write them down.....

Now take these to your quiet time and journal about them. Why do you feel this way? What do you think the root of each feeling is?
